ABOUT THE DEPARTMENT

At AVALON, we understand that a healthy smile is not separate from overall wellbeing. It is an essential part of it. Our Dental Care Department brings together attentive expertise, modern technology, and clinically responsible methods to support both preventive and restorative needs, from routine care to more considered treatments. Every visit begins with a thoughtful assessment of your oral health, lifestyle, and goals, allowing us to shape a personalized plan built around comfort and long term care rather than quick fixes. Within a calm, reassuring environment, our dentists take the time to listen, explain, and guide, building relationships grounded in trust and continuity. Because how you feel about your smile shapes how you carry yourself each day, we approach dental care as more than treatment. It is part of AVALON's broader philosophy of living well, with the comfort, confidence, and quality of life that come from genuinely caring for yourself.

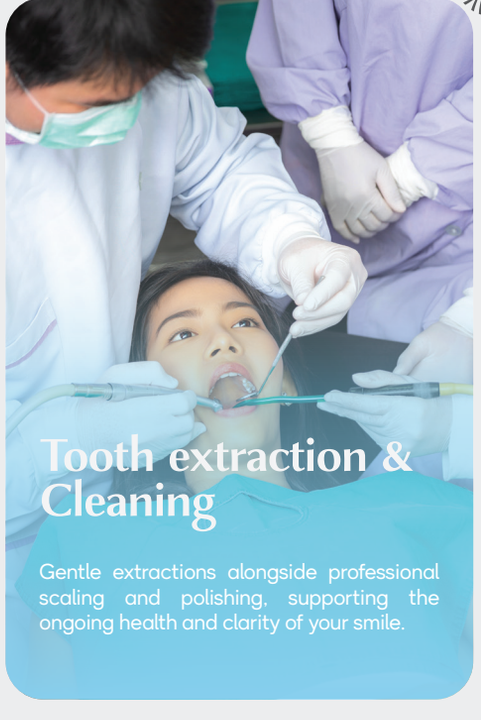

Orthodontic Treatment

Thoughtful alignment and bite correction using braces and clear aligners, guiding your smile toward greater balance and comfort over time.

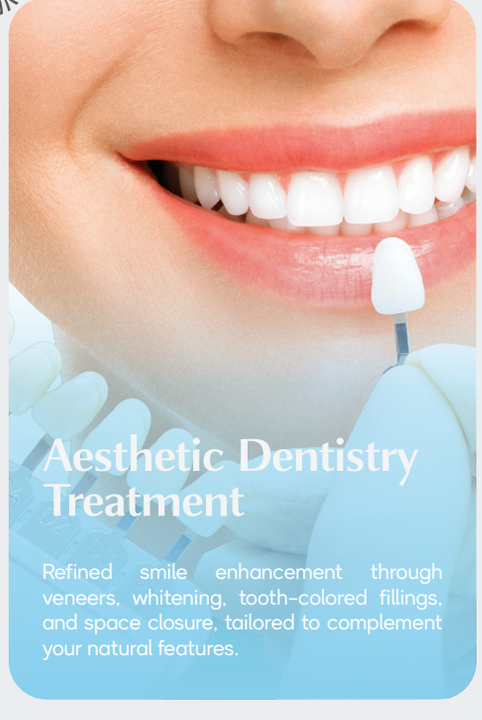

Restorative & Root Canal Dentistry

Comprehensive care to restore damaged or missing teeth and treat infected pulp, from fillings, crowns, bridges, dentures, and implants to root canal therapy, restoring function and confidence.

Tooth extraction & Cleaning

Gentle extractions alongside professional scaling and polishing, supporting the ongoing health and clarity of your smile.

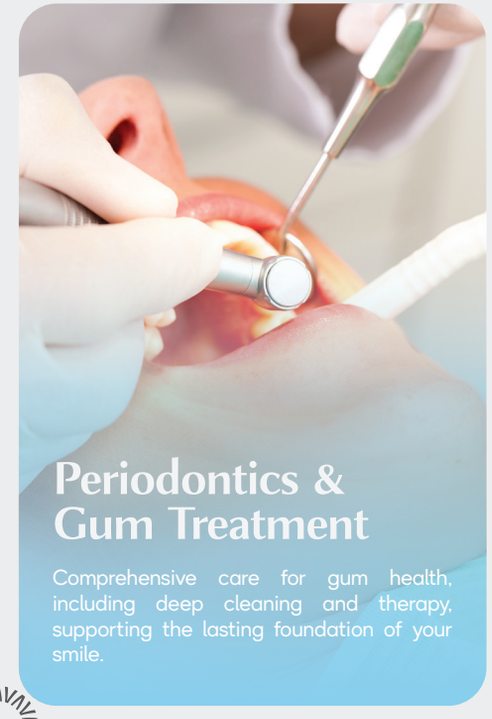

Aesthetic Dentistry Treatment

Refined smile enhancement through veneers, whitening, tooth-colored fillings, and space closure, tailored to complement your natural features.

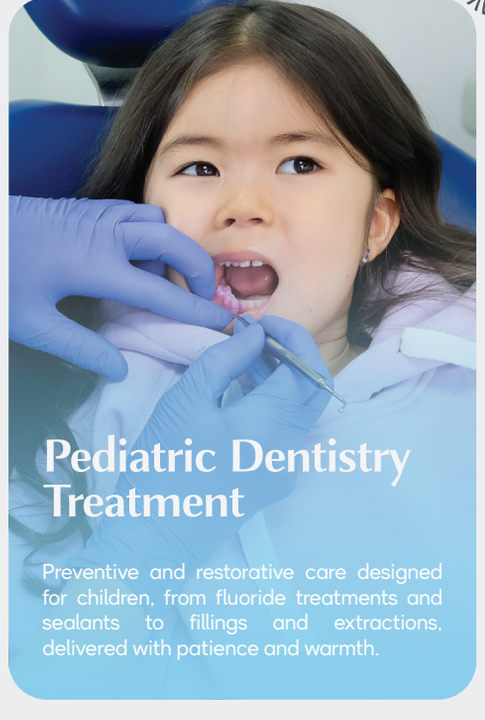

Consultation & Yearly Checkup

Thorough examination and personalized treatment planning, with attentive follow-up care to support your smile over the long term.

Periodontics & Gum Treatment

Comprehensive care for gum health, including deep cleaning and therapy, supporting the lasting foundation of your smile.

Pediatric Dentistry Treatment

Preventive and restorative care designed for children, from fluoride treatments and sealants to fillings and extractions, delivered with patience and warmth.

AVALON Signature Dental

Experience dental care in our dedicated dental room, where modern technology, clinical expertise, and thoughtful comfort come together to personalize every treatment and support your oral health, smile, and wellbeing.
